1st EUROPEAN ENGINEERS' DAY

Thursday, 8th December 2011

The Stanhope Hotel
Rue du Commerce 9, Brussels

Pre-announcement

The European Council of Civil Engineers (ECCE) and the European Council of Engineering Chambers (ECEC) co-organise the **1st European Engineers' Day on Thursday 8th December 2011, in Brussels**.

The scope of the event is to demonstrate the critical role and the contribution of the Chartered Engineers to the society, serving the public interest and building life quality and a sustainable environment. Chartered Engineers providing high quality services design and construct the built environment and the necessary infrastructure for improving the life quality of the European Citizens. The Engineers act as professionals within a framework of high morale and ethical standards seeking the sustainable development.

In this event the focus will be on the two following topics:
- Role of Chartered Engineers in Europe (engineering value for society and living conditions, professional structure, professional mobility)
- Engineering Quality and Public Procurement

In the 1st European Engineers' Day are invited to participate: Commissioners, MEPs, high-level staff of the EU DGs, National representations in the EU, high-level staff of National Ministries, representations from International and National Engineering Organizations, etc.

The Steering Group of the event consists of: Josef Robl (ECEC President), Gorazd Humar (ECCE President), Vassilis Economopoulos (ECCE Immediate Past President), Efstathios Tsegkos (ECEC General Secretary), Fernando Branco (ECCE Vice President/President Elect), Cornelia Hammerschlag (ECEC).

Further information about this event will be circulated later with new announcements.
