КРОС³
за професионалисти

MEFA

- **MEFA** е синоним на **здравина, надежност, лекота** при работа и **практичност**.
- Продуктите на **MEFA** предлагат гъвкави решения за урепване на тръбни инсталации, висока **надежност** и **здравина** и в същото време **лесен** и **опростен** монтаж.
- Комплексно портфолио, прецизни изчисления на товароносимостите, помощ при проектиране на укрепванията - това е **MEFA**, това е: „**Да бъдеш на върха**“.

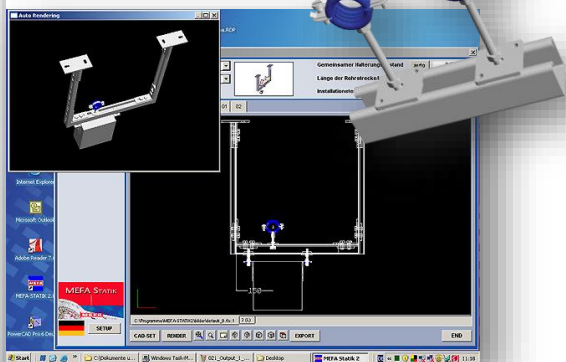

COMPLETE
PRODUCT RANGE

КРОС-3 и МЕФА предлагаме:

- Широка гама **тръбни скоби** за различни приложения
- **Комплексни окачващи системи** за ВиК, отопление, хладилни инсталации, вентилация и климатизация
- **CENTUM®** тежка окачваща система за индустриални приложения.
- **Големи наличности** от скоби, профили и аксесоари
- **Надежни доставки** съгласно ритъма на клиента.

**OUTSTANDING
PRODUCTS AND
BEST SERVICE**

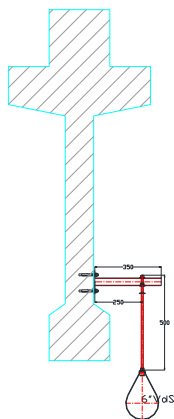

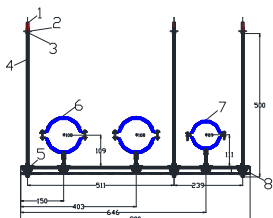

Техническа подкрепа на етап проектиране

- **Консултации** от наш инженер
- **Снемане на данни** и разработване на технически решения съвместно с проектантите или директно на строителната площадка
- **Обучение и инструктаж** на монтажниците по начин на работа с елементите и системите

SUPPORTIVE
PLANNING

Цялостно проектиране на укрепването

- Разработване на **специфични технически решения** за укрепването на тръбните инсталации
- Изчисляване на статика - **MEFA StatiCAL**
- Библиотеки от **CAD-елементи** за **AutoCAD**, **Revit** и др.
- Изчертаване на монтажни детайли в **2D** и **3D**
- Изготвяне на **KCC**
