

**Subject:** Official Invitation for KIIP Members: Bulgarian Security Summit 2026 (Sofia, Oct 28–29)

Dear Members,

We are pleased to invite you to the Bulgarian Security Summit 2026, a premier regional event taking place on October 28 and 29, 2026, in Sofia, Bulgaria.

Organized by a&s Adria in cooperation with NAFTSO (the National Association of Firms in Technologies for Security and Order), this summit serves as a vital platform for design engineers, ICT specialists, and industry professionals from across Southeast Europe.

### Why Attend?

As the market and regulatory frameworks rapidly evolve and transform, integrating advanced security systems and technologies into investment design has never been more critical. The Bulgarian Security Summit 2026 offers deep insights into:

- **Critical Infrastructure Protection:** Innovative strategies and technologies for safeguarding high-priority assets.
- **Integrated Security Systems:** Bridging the gap between physical security, ICT infrastructure, and modern engineering design.
- **Regulatory & Operational Trends:** Staying ahead of local and regional compliance, regulatory changes, and standards.

The summit provides a unique opportunity to connect directly with technology providers, system integrators, institutional buyers, and public sector stakeholders involved in major infrastructure projects.

### Event Details:

- **Date:** October 28–29, 2026
- **Location:** Interexpo Center - Sofia, Bulgaria
- **Focus Areas:** Critical infrastructure, integrated systems, public-private collaboration, and regulatory frameworks.
